

MFI ACCOUNTS RECEIVABLE USER GUIDE (ACCOUNTING CLERK)

Presentation By

CORPORATE IT-SYSDEV FARMS
TEAM

INTRODUCTION TO AR SYSTEM

The **Accounts Receivable (AR) System** is a financial management platform that facilitates:

Invoice Module – Generating invoices for other income.

Adjustment Module – Modifying Sales Invoices and Charge Invoices to correct discrepancies or apply credit/debit memos.

Payment Module – Recording customer payments, where the associated Sales Invoices originate from the In-House Invoicing System.

LOG IN

The screenshot shows the login interface for Marcela Farms. On the left, a banner with a green and white marbled background features the Marcela Farms logo and a 'Welcome Back' message. On the right, a light blue box contains the 'Account Login' form. The form includes fields for 'Username' and 'Password', a 'Log In' button, and a link for users having trouble. Red dashed boxes and callout arrows highlight the input fields and the login button.
